

full professor of history. By 1961 he was dean of facilities for what was then Southwest Missouri State College. Ten years later Dr. Meyer was selected as the sixth president of Southwest Missouri State College, which earned university status in 1972.

During his 12 years at the helm of Southwest Missouri State University, enrollment increased to an all-time high (62 percent), making it the second largest 4-year public institution of higher learning in Missouri. Southwest Missouri State University was transformed with the creation of an academic master plan, including a new business school, construction of a student event center and elevation of the athletic program to NCAA Division I competition. Academic achievements included new specialist degrees for graduate programs, new associate degrees for undergraduate students and cooperative education. Students were also given the opportunity to have learning experiences abroad. Faculty research was encouraged and research and service centers took form at Southwest Missouri State University during Dr. Meyer's tenure as president.

As the academic landscape changed, so did the look of the campus. The campus expanded to 125 acres, the first public-private building—Hammons Student Center—was constructed along with three new classroom buildings and four new residence halls. During that period, Southwest Missouri State University added the State Fruit Experiment Station in Mountain Grove and a new campus in West Plains, Missouri. In recognition of his contributions, Southwest Missouri State University honored Dr. Meyer by naming the school's new library after him.

After leaving the president's office, Dr. Meyer continued to teach as a professor emeritus of history. He also served as a member on the Missouri Council of Public Higher Education Board and on the Missouri Humanities Council. Dr. Meyer's research has produced two text books, including *The Heritage of Missouri: A History*, which serves as a valuable reference for students learning about Missouri history.

Dr. Meyer's leadership and dedication to excellence have reshaped one of the region's great universities and benefited countless students who have passed through its halls. Congratulations to Dr. Meyer for enhancing our understanding of Missouri history and making it available for future generations.●
